2-SLOT USB 3.0 OTG CARD READER

SD / MicroSD

WINDOWS MAC OS COMPATIBLE	USB TYPE-A	USB TYPE-C

1

Insert your **CR-BCA2** into any available port on your PC, Mac, or OTG device. You can use either the Type-A or Type-C connectors, but do not connect both at the same time.

2

Insert the memory cards into the **CR-BCA2**

At this point, the Flash Memory card is completely installed — no software drivers are needed to complete the installation
