

Sabrent HDMI Extension cable over Cat5/6 RJ45 Extender adapter

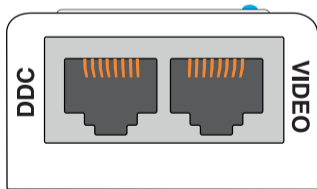

HDMI-EXTC

Receiver Unit

Sender Unit

1

Connect the HDMI input source, such as HD-DVD, PS3, STB, into the Sender Unit.

2

Connect two Cat5e cables between the Sender unit and the Receiver unit.

3

Connect the HDMI output source, such as HD-LCD, HD-DLP, into the Receiver Unit.

4

Plug the power adapter into receiver unit.

Note: Be sure to connect the Cat5e/Cat6 cable before connecting the HDMI cable. The range and quality of signal may vary, based on different variables, such as cable quality and usage of either Cat5e or Cat6 cables.

Enjoy!

At this point, Sabrent HDMI Extension cable over Cat5/6 RJ45 Extender adapter is completely installed -- no software drivers are needed to complete the installation. Thank you for choosing Sabrent and enjoy!
